

**Harbor Side Cottage:** Follow Rte 15 nearly in to downtown Stonington. Shortly after taking the 90 degree turn towards downtown, take the second left on to Seabreeze Avenue. Go to 15 Seabreeze Ave (5th property on the right). Pull down in to the driveway leading to the two story white building for unloading to your small, red cottage to the left. Following unloading, please park up above the property at street level where there will be a designated parking space for renters at Harborside Cottage. There will also be an orange cone for you to block your space when you leave that spot to help discourage other visitors from parking in your space.
